

Emergency duty by public pharmacies in Canton Zurich

(valid from 1 January 2011 onwards)

Issued by the emergency-duty commission of the Canton Zurich Pharmacies on behalf of the Canton Zurich Society of Pharmacists.

Every day of the year and at all times of day and night, the pharmacies ensure that medicines can be supplied in Canton Zurich. The principal pillars of the emergency-supply service are the pharmacies on emergency duty and the PharmaTaxi. Dependable emergency supplies are assured from five centres in Canton Zurich. The costs of the emergency service are shared by all the pharmacies in Canton Zurich, practising the principle of solidarity.

The Canton Zurich Society of Pharmacists operates a consultation and emergency hotline that is staffed at all times. You will be switched through to a pharmacy on emergency duty.

PharmaTaxi

Information at www.pharmataxi.ch or on 0900 55 35 55 (CHF 1.50 per minute from a landline phone).

The usual practice is for patients or members of their families or their neighbours to collect medicines directly from the pharmacies on emergency duty. It is, however, possible to call on PharmaTaxi if the state of the patient is too severe for him or her to go to the pharmacy in person and if the medicines are needed urgently. On Sundays and public holidays and at night, PharmaTaxi delivers medicines prescribed by a

doctor free-of-charge to the patient's bed. This service is subject to the conditions that the local pharmacy is shut and that the order is placed by a doctor on emergency duty. In a case like this, the pharmacies pay the delivery costs.

For deliveries not covered by an emergency prescription signed by a doctor, the patient is charged a contribution towards the costs of the PharmaTaxi service. The amount charged to private individuals for deliveries in the cities of Zurich and Winterthur is CHF 30.— and for anywhere else in Canton Zurich CHF 50.—.
